Key to the abbreviations used in the table:

Nature of Inspection:

- |       |  |
|-------|--|
| First | First full GLP inspection including study audit(s) of a new test facility (helyszíni GLP inspekción első ízben)        |
| Full  | Full routine biennial GLP inspection of facilities and systems, including study audit(s) (teljes körű rutinellenőrzés) |

Current Compliance Status of the Test Facility:

- |     |   |
|-----|---|
| IC  | In compliance with GLP: no or only minor deviations from GLP principles were observed, which were corrected following the inspection (megfelel)                       |
| PEN | Pending: deviations from GLP principles were observed, which could not be corrected after the inspection yet<br>(függőben: az inspekción eljárás még folyamatban van) |
| NIC | Not in compliance with the GLP principles. Procedures in the test facility are such that the reliability of data cannot be ensured (nem felel meg)                    |
| VWD | The test facility has voluntarily withdrawn as longer conducts GLP studies (kivételét kérte a programból)   |
| RFP | removed from programme (kikerült a programból)  |
